Experience

NewCity

Mar 2011 - Present

Senior Designer

I joined NewCity back in 2011. Starting out as an intern, I was tackling massive websites from the start (even leading bigger projects for clients like Finks Jewelers). Once the internship ended, I was hired as a full time designer where I've worked mostly for clients in the higher education space. I've worked on smaller projects and micro-sites such as University of Virginia's Provost office to larger redesigns for colleges like Auburn University's College of Education.

BFG Communications

Oct 2010 – Mar 2011

Interactive Design Intern

Worked as an intern for BFG Communications while still attending SCAD, working on putting together interactive campaigns for clients such as Buffalo Wild Wings, Camel and Mello Yello.

Sierra Mid Atlantic

May 2010 - Sept 2010

Summer Design Intern

Marketing intern for a real estate company in Baltimore, MD. I helped to produce email campaigns, flyers, and marketing materials to help promote commercial real estate space around Delaware and Maryland.
